

Remember, Medicare plans can change each year

Important Medicare dates

September & October—Review & compare

Review: Your plan may change. Review any notices from your plan about changes for next year.

Compare: Starting in October, use Medicare's Plan Finder to find a plan that meets your needs.

October 15—Open Enrollment begins

This is the one time of year when ALL people with Medicare can make changes to their health and prescription drug plans for the next year.

Decide: October 15 is the first day you can change your Medicare coverage for next year.

December 7—Open Enrollment ends

In most cases, December 7 is the last day you can change your Medicare coverage for next year. The plan has to get your enrollment request (application) by December 7.

January 1—Coverage begins

Your new coverage begins January 1 if you switched to a new plan. If you stay with the same plan, any changes to coverage, benefits, or costs for the new year will begin on January 1.

Making changes to your coverage after January 1

Between January 1–February 14, if you're in a Medicare Advantage Plan, you can leave your plan and switch to Original Medicare. If you switch to Original Medicare, you'll have until February 14 to also join a Medicare Prescription Drug Plan to add drug coverage. Your coverage will begin the first day of the month after the plan gets your enrollment form. In certain cases, you may be able to make other changes if you qualify for a Special Enrollment Period. Visit Medicare.gov, or call 1-800-MEDICARE (1-800-633-4227) to learn more. TTY users should call 1-877-486-2048.

Have you done your

Yearly Medicare Plan Review?

Medicare Open Enrollment

October 15–December 7

Medicare is stronger than ever with better choices and lower costs.

- Take advantage of free preventive benefits, cancer screenings, and yearly “Wellness” visits.
- You can save money if you’re in the “donut hole” with big discounts on brand-name prescription drugs.

Each year, there are new health plan and prescription drug coverage choices. You should review your current health and prescription drug coverage each fall, and make sure your plan’s still right for you.

What you need to know about the Marketplace

The Health Insurance Marketplace is a way for people to get health coverage. Medicare isn’t part of the Marketplace. The Marketplace doesn’t affect your Medicare choices or benefits.

Note: The Marketplace doesn’t offer Medicare Supplement Insurance (Medigap) policies or Part D drug plans.

Is your plan still right for you?

Medicare can show you plans in your area that may:

- ✓ Cost less
- ✓ Cover your drugs
- ✓ Let you go to the providers you want, like your doctor or pharmacy

You can also get:

- ✓ An estimate of your out-of-pocket costs
- ✓ Quality and customer service ratings from current plan members

Decide which plan will meet your needs for next year. If you want to change plans, call the plan you want to join. Medicare can also help you enroll—online, in person, or on the phone. If you’re satisfied that your current coverage will meet your needs for next year, you don’t need to do anything.

Remember, during Medicare Open Enrollment, you can decide to stay in Original Medicare or join a Medicare Advantage Plan. If you’re already in a Medicare Advantage Plan, you can use Open Enrollment to switch back to Original Medicare.
